ARIZONA TRAPPING REPORT

Failure to submit a report is a violation of the law.

SEASON DATES: November, (year) _____ through February, (year) _____
NAME: _____
ADDRESS: _____
CITY: _____ **STATE:** _____ **ZIP:** _____
TRAP I.D.: _____ **TRAPPING LICENSE NO.:** _____

Each trapper must submit a trapping report on this form to the Arizona Game and Fish Department at the address shown above **by April 1st following the close of the trapping season.** All licensed trappers are required to return this form whether they actively trapped or not. The report must contain all information requested for all predatory and furbearing animals taken during the November through February Trapping Season. We are asking for additional data regarding your harvest and the number of trap nights (effort) you spent trapping. Effort data can be used to index predator and furbearer populations. This information will be used to track population trends for these species. Trap nights are calculated by totaling the number of traps you set times the number of nights. (e.g., If you ran a trap line of 30 traps for 60 nights you trapped for 1800 trap nights) Thank you.

☐ I did not set traps this year.

SPECIES TRAPPED	NUMBER TRAPPED PER GAME MANAGEMENT UNIT (#/Unit)						TRAP NIGHTS	NAME AND ADDRESS TO WHOM PELTS WERE SHIPPED OR SOLD
